Dear Partner:

God bless you! I have **THE most wonderful Partners in the world** and I want to thank you with all my heart for your love and faithfulness in standing with me as we reach precious souls with the **life-changing** Word of God! Your cards and letters containing warm words of encouragement are stored away in my heart. God bless you!

I also want to thank you for your special Christmas offerings and beautiful gifts for the children! Some of you, no doubt, are sacrificing much to show the love of Jesus to these boys and girls. I know God is pleased! In January, we will show you pictures of our Christmas Party.

Thank you for standing with us in prayer for Angelica's recovery. She has received favor and strength to heal and to undergo the final surgery to bind the colon together again. The procedure was expensive and finances have been tight, but God performed miracles on our behalf. The young women that she has raised have rallied around her and are honoring her as their mother. We are overjoyed with the level of love, respect, and helpfulness that they have provided for her.

Felipe has had an extra load during school since Angelica has not been available to help drive the children to and from school. This has been exhausting for him. Chuy, their son-in-law has helped with errands since he and Damaris moved onto the girl's home campus a few months back.

Thank you also for your prayers for Elias and Rayito. She has recovered from surgery and is again active in her work with her husband in Hogar Del Rey, Gómez Palacio. They serve between twelve and twenty children. These children, too, are anticipating a good Christmas.

Ramon and Norma are patiently raising young men. We are pleased with their efforts and delighted with the growth that we see in these boys, who could be better described as young men. They are stable in school, active in the church, serving on the praise team, maintaining the church building (not to mention keeping their house in very good order), and soul winning.

Pedro and Fabiola continue to reach out into the community with the gospel. The families to whom they minister respect them because their children are being helped. The children whom we minister to are eager to hear the gospel and to enjoy themselves as children in a safe environment. The world is a dangerous place, but the Lord has provided us with the shield of his presence. We live under the shadow of the Most High! Psalms 91

Thank you again for your faithfulness. None of these homes could remain open without your help. The Lord has ordained that all of us are essential to the work of the ministry. Those who pray and send are as vital as those who are sent. God bless you!
